CHAIRMAN'S WORD

**Eng.
Mohamed
Kamel**

Chairman of the Board
and Managing Director

- EK Group is more than just a corporation; it is a dynamic, integrated powerhouse fueled by an unwavering commitment to excellence, innovation, and strategic foresight. Our vision is built on the conviction that true success lies in harmonizing exceptional human capital with state-of-the-art technologies, creating a competitive edge that propels us forward.
- Our mission drives Egypt's economic prosperity and enhances its global standing. By advancing operations across key sectors—mining, international trade, logistics, contracting, and local commerce—we ensure a seamless value chain spanning extraction to export, optimizing efficiency and delivering unmatched value at every touchpoint.
- What distinguishes EK Group is our steadfast belief in the transformative power of our people. Our team consists of world-class talent, empowered by strategic alliances with leading global players. Together, we are creating sustainable growth opportunities for future generations and pioneering expansion into new, high-potential markets across Latin America, Southeast Asia, and Europe.
- Our commitment transcends financial success; it fosters long-term sustainability, drives economic development, and unlocks transformative opportunities for international collaboration and innovation. Through this dedication, we continue to strengthen our position as a leading player on the global stage.

WHO WE ARE

- EK Group is a multidisciplinary powerhouse, recognized as a trailblazer across five critical sectors: mining, contracting, international trade, local commerce, and logistics. As an industry leader, we provide holistic, integrated solutions where each sector synergistically complements the others. This unique approach allows us to deliver end-to-end services, seamlessly connecting every value chain stage—from the mine to the port.
- Our commitment to innovation, operational excellence, and strategic integration positions us as a key enabler of growth, efficiency, and sustainability across diverse markets.

WHAT SETS US APART

- **Mining:** Operating three major mines, ensuring efficient extraction and processing of mineral resources.
- **Logistics:** Offering state-of-the-art logistics services that ensure smooth delivery to global markets.
- **International Trade:** Exporting phosphate and fertilizers to key markets in Latin America, Southeast Asia, and Europe.
- **Local Trade:** Supplying high-quality construction materials like cement and rebar to the domestic market.
- **Contracting:** Delivering projects on schedule using advanced technologies not yet available in Egypt.

Through strategic partnerships and cutting-edge technologies, EK Group has positioned itself as a trusted partner for industries seeking innovation, efficiency, and sustainable growth.

OUR VISION

To be the foremost global leader and trusted partner in mining, contracting, trade, and logistics by delivering innovative, integrated solutions that drive economic value, foster sustainability, and enhance prosperity. We aim to empower local and international communities by setting new benchmarks in operational excellence, technological innovation, and strategic collaboration.

This revision incorporates the broader themes of sustainability, innovation, and global collaboration while maintaining a clear focus on leadership and economic impact.

OUR MISSION

To achieve unparalleled integration across mining, contracting, logistics, trade, and local commerce, delivering holistic, end-to-end solutions that ensure a seamless transition from resource extraction to global distribution.

To catalyze Egypt's economic growth by forging strategic alliances with governmental bodies and private sector leaders, fostering a robust ecosystem of innovation and development.

OUR MISSION

To harness cutting-edge technologies and advanced methodologies to optimize operational efficiency, maximize resource utilization, and deliver exceptional value to stakeholders.

To invest strategically in human capital, cultivating world-class talent and creating transformative opportunities for future generations in high-impact, pioneering industries.

OUR CORE VALUES

01

INTEGRITY & ETHICS

We uphold the highest standards of transparency and accountability.

02

INNOVATION

Continuous improvement and forward-thinking drive our success.

03

COLLABORATION

Teamwork and partnerships form the backbone of our operations.

04

SAFETY

A commitment to the well-being of our employees and communities.

05

EXCELLENCE

Delivering superior results across all aspects of our business.

OUR SERVICES

MINING (CORE SECTOR)

Introduction:

Mining is the cornerstone of EK Group's operations. Our expertise lies in transforming raw mineral resources into valuable assets that fuel industries and economies worldwide. With three operational mines and advanced resource management techniques, we ensure optimal extraction, processing, and utilization of resources.

What Makes This Sector Valuable?

- **Integrated Operations:** Mining seamlessly supports logistics and international trade, ensuring a smooth journey from extraction to global delivery.
- **Precision and Efficiency:** Advanced exploration and processing technologies maximize resource value while minimizing waste.
- **Sustainability Focus:** Commitment to environmentally responsible mining practices.

MINING (CORE SECTOR)

What We Do:

- **Resource Extraction:** Phosphates are extracted using cutting-edge technologies.
- **Value Addition:** Processing minerals to meet international quality standards for export.
- **Exploration Services:** Feasibility studies and advanced prospecting techniques for mines and quarries.
- **Partnership Opportunities:** Collaborating with local and international stakeholders to enhance resource development.

INTERNATIONAL TRADE

Introduction:

EK Group bridges local industries with global markets. By exporting high-quality minerals and industrial products, we enable businesses worldwide to access the best resources from Egypt.

What Makes This Sector Valuable?

- **Global Reach:** Strong presence in Latin America, Southeast Asia, and Europe.
- **Tailored Solutions:** Customized trade strategies to meet client needs and market demands.
- **End-to-End Support:** Comprehensive logistics, customs, and compliance services ensure seamless operations.

INTERNATIONAL TRADE

What We Do:

- **Export Excellence:** High-demand products of minerals like phosphate and fertilizers are delivered to global markets.
- **Market Intelligence:** Data-driven insights help clients identify opportunities and navigate new markets.
- **Sourcing Services:** Supplying industrial goods and raw materials to businesses worldwide.
- **Regulatory Expertise:** Ensuring all exports comply with international trade standards.

LOGISTICS

Introduction:

Efficient logistics is at the heart of EK Group's ability to deliver value. Our modern logistics infrastructure connects resources to markets, ensuring timely and secure delivery.

What Makes This Sector Valuable?

- **Innovative Technology:** Using advanced logistics systems for inventory tracking and route optimization.
- **Reliable Operations:** Partnerships with global leaders like "SISCO" ensure world-class services.
- **Comprehensive Solutions:** Covering every aspect of freight, storage, and delivery.

LOGISTICS

What We Do:

- **Freight Management:** Handling sea, land, and air shipments with precision.
- **Real-Time Tracking:** Offering transparency and control through advanced tracking systems.
- **Port Services:** Streamlined operations at major ports like Damietta for faster delivery.
- **Supply Chain Optimization:** Reducing costs and improving efficiency for clients.
- **Secure Storage:** Warehousing solutions with strict quality controls.

CONTRACTING

Introduction:

EK Group's contracting services redefine excellence in infrastructure and industrial project execution. By combining advanced technology with experienced teams, we deliver projects that exceed expectations.

What Makes This Sector Valuable?

- **Cutting-Edge Technology:** Utilizing systems and methods not yet available in Egypt.
- **Timely Delivery:** Completing projects ahead of schedule without compromising quality.
- **Client-Focused Approach:** Tailored solutions for governmental and corporate clients.

CONTRACTING

What We Do:

- **Turnkey Solutions:** Comprehensive project delivery from design to execution.
- **Industrial Facility Construction:** Building high-performance plants for mining and manufacturing.
- **Infrastructure Development:** Civil works and structural projects for large-scale operations.
- **Maintenance Services:** Ensuring long-term efficiency and reliability of facilities.

LOCAL TRADE

Introduction:

EK Group strengthens Egypt's economy by providing essential construction materials and industrial goods to local businesses. We focus on meeting the needs of the domestic market with reliability and quality.

What Makes This Sector Valuable?

- **Strategic Supply:** Ensuring a consistent flow of high-demand materials to the local market.
- **Economic Support:** Enabling SMEs and large enterprises to thrive with reliable resources.
- **Customer-Centric Services:** Tailored trade solutions with dedicated after-sales support.

LOCAL TRADE

What We Do:

- **Material Distribution:** Supplying cement, rebar, and other construction essentials to contractors and ready-mix concrete manufacturers.
- **Partnerships with Local Businesses:** Strengthening supply chains and ensuring market stability.
- **Customized Solutions:** Meeting specific requirements for large-scale projects.
- **After-Sales Support:** Ensuring satisfaction through dedicated service teams.

ACHIEVEMENTS & PARTNERSHIPS

01

Successfully managing three major mining operations with a focus on efficiency and sustainability.

02

Streamlining logistics operations at Damietta Port to enhance productivity.

03

Establishing strategic partnerships with the Egyptian Mineral Resources Authority and other governmental entities.

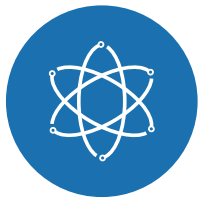

04

Supporting the development of the Agricultural Bank of Egypt in recent years.

05

Integrating five diverse sectors to create a balanced and highly efficient operational model.

STRENGTH POINTS

Utilizing advanced technologies in contracting and logistics that are unmatched in the Egyptian market.

A highly skilled management team and workforce with exceptional expertise.

Strong partnerships with leading global and regional companies, including "SISCO," a major logistics provider in the Middle East.

KEY ENHANCEMENTS ACROSS SECTORS

01

Integrated Ecosystem

Mining, logistics, and international trade work together to create a seamless supply chain that delivers exceptional value from the mine to the global market.

02

Advanced Technology

Leveraging innovations that are unmatched in Egypt to enhance efficiency and reliability across all sectors.

03

Strategic Partnerships

Collaborations with global leaders like "SISCO" and local institutions strengthen operations and expand reach.

04

Sustainability

Prioritizing environmentally responsible practices in mining, logistics, and beyond.

05

Human Capital

Empowering skilled professionals and creating opportunities for growth in every sector.

Projects of EK Group for Business Solutions and Mining

In collaboration with a distinguished group of leading entities and exceptional partners, EK Group for Business Solutions and Mining takes pride in successfully executing numerous projects to develop all branches of the Agricultural Bank of Egypt across various governorates nationwide, adhering to the highest standards of quality and exceptional efficiency.

These accomplishments were made possible through a strong and successful partnership with prestigious entities, contributing to tangible achievements that reflect the spirit of collaboration, innovation, and a commitment to leadership and excellence.
